

Road District #8
PO Box 646
La Pine, OR 97739

April 2022

Dear Road District Member:

If you have received this letter, you are a member of the Special Road District No. 8. The following information relates to the plans for improvements to our roads.

A survey is currently being done to establish accurate road placement. It is about 75% complete. The locations are being staked and these markers should not be removed.

Upon completion of surveying, those trees that lie within the road easement will be removed to allow for the snow to melt quicker. The contractors hired to do this work are well established, legally licensed, insured, and bonded.

There are several property owner installed fences that currently lie within the road easement. These must be removed to avoid damage to your personal property or heavy equipment during tree removal or road work. It is the responsibility of the property owner to remove or relocate the fence to the property line as identified by the survey markers. If you have questions about this, please contact a board member.

Every year about this time, pot-holes and washboarding develop in our roads. Driving down our roads can be uncomfortable. The Board researched putting a long-lasting hard surface on our roads. However, after looking into the various options we cannot afford these major road improvements at this time. We can however add gravel and continue to grade to help make your travel more comfortable.

On the third Tuesday of every month at 7:30 p.m., the road district board meets to discuss ongoing issues and potential solutions. On May 17th we will resume in-person meetings at the Senior Center. All those within Road District 8 are welcome and encouraged to participate. If you would like to share your concerns or have ideas, please attend a meeting.

The Special Road District No. 8 website has been set up to allow you to access general information about the road district, ask questions and read about what we plan on doing next. The website address is: <https://rd8.specialdistrict.org/>.

For those of you who have access to a computer, we would like you to consider sharing your email address with the board so we can further communicate with you without the expense of direct mailings. Please email us at specialrd8@gmail.com and be sure to include your name and physical address. We will not share or use your email address for any purpose other than Road District 8 communications.

Best regards,

Dean Bolden: Chair
